

Watsonian Club of Victoria, Australia Annual Report 2019-2020

In 2019 the Victorian Branch held its usual two social functions. In July we had our annual dinner. It was held for the first time at The Australian Club in Melbourne with 13 Watsonians and guests attending.

In mid-December the annual barbecue was held with 21 Watsonians and guests attending and a good time was had by all in perfect weather.

In 2020 the annual dinner, which was to have been held again at The Australian Club, had to be cancelled because of the imposition of public health policies associated with the Coronavirus. With the Greater Melbourne metropolitan area now under stage 4 restrictions until mid-September, there remains a question mark over whether it will be feasible to hold our annual Christmas barbecue in December.
