

## **Watsonian Cricket Club Annual Report 2019-2020**

It was very frustrating to be experiencing one of our finest springs for many years and to be unable to play cricket!

However, there has been a very welcome development at the club with the appointment of Andrew Chalmers as the Director of Cricket. Andrew is a former pupil of the school and has been a leading player at the club for a number of years. He will be responsible for the organisation of coaching and the development of all the club's sections. Andrew and his colleagues have set up a channel on YouTube and have posted interviews with former club professionals, which I would encourage you all to watch - highly entertaining!
